The screenshot shows a web application window titled "Kelola Data Mahasiswa". It contains a table with two columns: "ID" and "NAMA". The table lists three students: ID 1 with name "Nina", ID 2 with name "Agus", and ID 3 with name "Beni". To the right of the table is a form with a "Nama :" label and an input field. Below the input field are buttons for "Tambahkan", "Edit", and "Hapus". There are also buttons for "Ambil Semua Data" and "Reset Indeks".

ID	NAMA
1	Nina
2	Agus
3	Beni

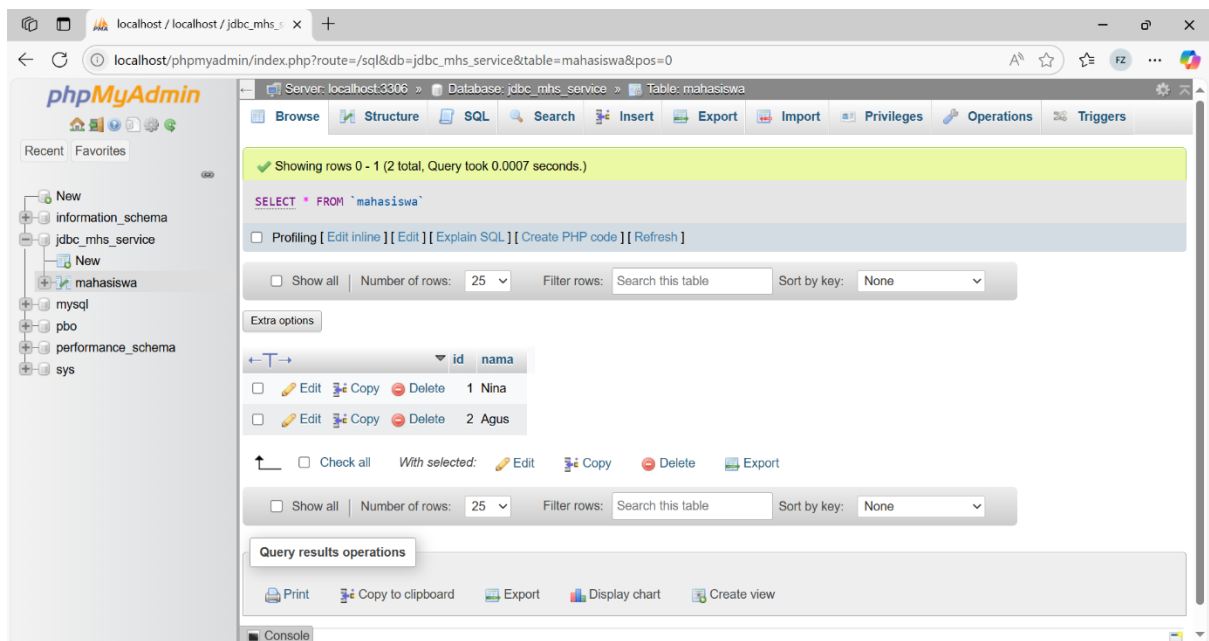

(Gambar 5. Mengubah nama Rudi menjadi Agus)

(Gambar 4. Isi tabel mahasiswa di phpMyAdmin setelah mengubah Rudi menjadi Agus)

(Gambar 5. Menghapus Beni)
